Job Title: Catholic High School Social Science Teacher

Location: In Person at Notre Dame High School, Riverside, California

Job Summary:

Notre Dame High School seeks a passionate, knowledgeable, and innovative Social Science teacher to join our faculty for the 2026–2027 academic year. The ideal candidate will demonstrate a strong foundation in United States history, government, and economics, a commitment to Catholic education, and the ability to cultivate a student-centered, academically rigorous, and faith-informed classroom environment.

The ideal candidate will possess a strong background in history and the social sciences, including United States Government, Economics, and United States History. This individual should demonstrate the ability to engage students through clear, accessible instruction that promotes critical thinking and meaningful inquiry. A commitment to integrating faith and reason, supporting students' intellectual, creative, and spiritual growth, and fostering a student-centered, academically rigorous, and faith-based learning environment is essential.

Qualifications:

- Bachelor's degree in History or a related field (Master's degree preferred).
- A valid teaching credential is preferred but not required.
- A valid teaching certificate with an endorsement in Social Science is preferred.
- Strong communication, interpersonal, and organizational skills.
- Previous teaching experience in high school Science or a related field is preferred.
- Familiarity with Catholic teachings and commitment to the mission of Catholic education.
- Proficiency in educational technology (e.g., iOS operating systems, Google Suite, educational apps), including learning management systems (e.g., Canvas, Grading) and student information systems (e.g., RenWeb).
- Commitment to upholding the mission and values of Notre Dame High School
- Commitment to ongoing professional growth and collaboration within a faith-based community.

Key Responsibilities

Curriculum Development and Instruction:

- Design and implement an engaging science curriculum aligned with state standards, and the school's educational goals.
- Promote the development of skills in social science, inquiry, and critical thinking.

Student Support and Engagement:

- Create a vibrant classroom environment conducive to learning and suitable for high school students' physical, social, and emotional development.
- Employ various instructional techniques tailored to individual students' or groups' needs and capabilities.
- Guide and support students through academic advising and tailored instruction.
- Address various learning styles and differentiate instruction to meet the needs of all students.

Assessment and Evaluation:

- Develop and administer diverse assessment methods to measure student progress.
- Provide timely and detailed feedback on assignments and assessments.

Faith Integration:

- Integrate Catholic values and teachings into lessons and student interactions, promoting a faith-based community within the classroom.

Professional Responsibilities:

- Maintain accurate records of student performance, follow up on incomplete assignments, and communicate with parents and other teachers about student progress.
- Participate in faculty meetings, educational conferences, and teacher training workshops.

Benefits:

- Dental Insurance
- Health insurance
- Paid time off
- Professional Development

Salary:

- \$52,357.20 to \$52,400.00
